

Consultant Job in Zurich (100%)

Would you like to become part of a dynamic, highly motivated and well-educated team who is offering very specialized consulting services? If you match the criteria below and are passionate about challenging business cases in exciting Asian markets we are looking forward to getting your motivation letter and CV.

Qualifications

- Master's degree from a top-tier university with outstanding academic record
- Minimal 1-2 years of experience from a leading company, preferably from a strategy consulting company
- Solid functional knowledge, including but not limited to strategy, business development, manufacturing, supply chain, project management, marketing and sales, etc.
- Strong quantitative, analytical and conceptual problem-solving skills combined with outstanding business acumen
- Strong entrepreneurial thinking
- Proven ability to motivate others, communicate complex ideas clearly, gain the respect of clients and colleagues, and work collaboratively
- Fluency in English and German is required, additional languages are a plus
- Strong Excel and PPT skills

Who you will work with

Asia Dynamics is a boutique size but global management consulting firm, deeply committed to helping private companies to achieve lasting success. For over five years, our primary objective has been to serve as our clients' advisor in regards to Market Entry and Market Expansion in Asia. Asia Dynamics does not only define strategies but makes also sure that the implementation will be successful. We follow a very much result-driven approach.

What you will do

Asia Dynamics' consulting projects focus on sales & distribution in Asia. Our projects cover a wide range of strategic topics and operational issues in various industries. You will work as part of a team, but need to be able to work independently and think out of the box to find creative solutions for challenging problems.

Typical activities of a consultant involve performing analyses of particular problems as defined, including identifying and prioritizing issues, synthesizing the insights from the analyses, developing recommendations as well as defining proposal for implementation. You will be based in Zurich, but as our clients are based in Europe and their target markets are in Asia, you will be required to travel from time to time.
